All Bonsai entries accepted Thursday, August 25th, between 12:00 p.m. and 8:00 p.m. Entries should be owned by exhibitor for one year prior to exhibit. All entries will be assessed by Green Mountain Bonsai Society intake at time of submission to ensure the tree(s) meet minimal standards for health, identification and presentation. Bonsai pickup and exhibit breakdown on Monday, September 5th between 8:00 a.m. and 12:00 p.m.

Bonsai and related entries will be exhibited in three categories: Bonsai in formal artistic display [formal presentation on a bonsai table, stand or other foundation with accessory stone or plantings]; Bonsai exhibiting seasonal growth and training [informal garden-style display]; and Kusamono [a bonsai-related art of mixed plantings]. Although there will be no bonsai criteria awards or ribbons given by GMBS judges this year, we will continue tradition of inviting viewers to vote for their personal favorites to be recognized as a "People's Choice", with the popular vote 1st, 2nd and 3rd place winner results posted daily!

Vegetables

Suggestions for Preparing Vegetables for Display

- Beans - Harvest beans at tender stage with no noticeable bulges due to enclosed seeds. Use scissors to cut beans from plant; do not wash; wipe with soft cloth; trim stems to ¼ inch.
- Broccoli - Over three inch head diameter, remove all leaves. Head and stock six to eight inches long.
- Cabbage - Do not peel excessively, leave layers of sound green outer leaves, but loose leaves should be removed. Trim root smooth with base of leaves.
- Carrots - Trim tops to 1-1.5" in length. Remove soil by brushing or washing in cold water, don't scrub.
- Cauliflower - Trim outer leaves even with outer edge of head, remove outer leaves, cut stem 1" below base of head.
- Celery - Trim leaves uniformly, cut roots even with stock.
 - Celeriac - trim back roots to bulb.
- Cucumbers - Wipe clean with soft cloth, leave one quarter to one half inch stem.
- Eggplant - One inch of stem attached.
- Garlic - One inch stem, trim root to one inch of bulb.
- Kale - Five leaves w/stems in a jar with water.
- Kohlrabi - Cut root off at base. Cut leaves to within 1-1/2" of bulb.
- Leeks - wash dirt off. Trim roots to 1/2". Cut tops to 6". Do not display in water.
- Onions - Pull onions at least one week before the Fair to allow for curing time; trim tops to 1 inch, trim roots to ¼" of bulb; remove outer covering on bulb but only enough to make onion look clean and attractive; do not peel.
- Parsnips - Trim tops to 1-1.5" in length. Remove soil by brushing or washing in cold water, don't scrub.
- Peppers - Leave about 1/2" stem.
- Potatoes - Brush or wipe off with soft cloth, a paint brush works well. Be careful to avoid fork marks while digging.
- Rhubarb - Trim leaves two inches of leaf blade attached to stalk. Display in jar with water.
- Roots - Leave tops approximately one inch long on carrots, beets, parsnips, turnips. Wash carefully but do not scrub. Leave one tail on root.
- Squash and Pumpkin - Normal harvest size. Leave stem on.
- Summer Squash - Leave stem on. Scallop, Crookneck, Zucchini. Shell should be penetrable by thumb nail.
- Sweet Corn - Peel back husk to a width of one inch. Kernels should be visible for width of 3-5 rows along length of ear. Trim nub to 1 inch from base of ear.
- Tomatoes - Leave stems (cut with scissors).

- Watermelon - Leave about one inch stem.

Be sure to have the correct number of vegetables in each lot! Please label varieties of all vegetables, tomatoes and fruits.
